### Kinney Wants Punitive Damages Against S. Parker.

E. S. Boyd, former Commissioner of Public Lands, was sentenced by Judge W. J. Robinson yesterday morning to be imprisoned at hard labor for the term of ten years. This sentence was in pursuance of Boyd's conviction as charged in the indictment, containing three counts, of embezzling moneys of the Territory of Hawaii while occupying the dual position of secretary of the Public Lands Department and subagent of lands for the fifth district. Other indictments are pending against him for embezzlement as Commissioner of Public Lands, to which office he was promoted in the year 1901.

When Boyd appeared for sentence, esides S. F. Chillingworth, who defended him on trial, former Judge A. S. Humphreys attended him as counsel. Mr. Chillingworth, on defendant's being isked to stand up for sentence, made the motion for a new trial of which he had given notice. The motion being promptly denied, Mr. Humphreys presented a motion in arrest of judgment. This also was denied and the court asked the defendant the usual question, if he had anything to say why sentence should not be pronounced upon him.

Mr. Chillingworth first spoke for Boyd, referring to his wife and family and pleading for leniency on the score of the first offense in an otherwise honorable career.

Mr. Humphreys followed, speaking of human frailties in general and Hawaiian in particular owing to former free and easy customs of the race. He referred to Boyd's visit to Washington with the incentives to spending money there, making that incident out as the cause of his putting his hand in the public till. Mr. Humphreys also spoke of the wife and children.

Attorney General Andrews remarked n the disagreeable task it had been to him to prosecute Boyd, whom he had long known and been on friendly terms with. The temptations of Washington could not have been the occasion of Boyd's downfall, for the defalcations in this case were committed before he went to Washington. Boyd, moreover, had as much white as Hawaiian blood.

Judge Robinson, in passing sentence of ten years' imprisonment at hard labor, said he took into consideration all that had been said in the defendant's behalf and in sympathy for his family. Yet he also had to consider the seriousness of the offense and the necessity of making an example to deter others from like offenses.

The grounds of motion in arrest of judgment offered by Mr. Humphreys are in effect that the office of Third Judge of the Circuit Court of the First Judicial Circuit, assumed to be held by Judge Robinson, exists under legislation that is null and void according to the Organic Act. It is contended that the by J. W. Cathcart. Legislature had no right to create such third judgeship, also that one judge

For a case of Nervous Debility, Rheumanism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease (that has not gone as far as Bright's Disease), Indigestion, Constipation, or any weakness which I cannot cure with my new improved Liectric Belt, with electric suspensory for men (no charge), the marvel of electricians, the most wanderful curative device that has ever been introduced. Give me a man broken down from dissipation, hard work or worry, from any cause which has sapped his vitality. Let him follow my advice for

three months and I will make him as vigorous in every respect as any man of his age. I will not promise to make a Hercules of a man who was never intended by nature to be strong and vigorous. Even that man I can make better than he is; but the man who has been strong and has lost his strength I can make as good as he ever was. can give back to any man what he has lost by violation of the laws of nature. I can stop all drains upon his vitality in ten days.

A man who is nervous, whose brain and body are weak, who sleeps badly, awakes more tired than when he went to bed, who is easily discouraged, inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which the Dr. McLaughlin The whole force of vitality in your body is dependent upon your animal electricity. When you lose that by draining the system in any manner my Belt will replace it and will cure you.

Mr. Harry U. Jackson, Valleton, Cal., writes October 1: "Although you are a stranger to me, my heart warms toward you as a great benefactor and friend, and I am more than grateful to vou. Already I feel the vigor of new life in my body; no aches and no pains. I wish you every success in your work." Letters like that tell a story which means a great deal to a sufferer. They are a beacon light to the man who has become discouraged from useless doctoring. I get such letters every day. My Belt has a wonderful influence upon tired, weak nerves. It braces and invigorates them, and stirs up a great force of energy in a man,

I make the best electrical body appliance in the world, having devoted twenty years to perfecting it. I know my trade. My cures after everything else has failed are my best arguments. Mr. Rov Burks. McKittrick, Cal., writes: "From the first night I wore the belt I felt new life in every part of my body. The weakness was checked immediately, and I am now able to do heavy work without tiring. I am glad I thought of the belt, for in no other way could the money bring me so much

Give me a man with pains in his back, a dull ache in his muscles or joints, "come-and-go" pains in his shoulders, chest and side, Sciatica in his hip, Lumbago, Rheumatism, or any ache or pain, and my Belt will pour the oil of life into his aching body and drive out every sign of pain. No pain can exist

I can make them feel the sparkle and fire of youth again. I'll never forget when when Mr. A. Crawford of Pokegama. Oregon, an old man of seventy, wrote to me and said: "When I wrote to you last I told you to send me a Belt to make an old man young, and you did. I am seventy years old, and since I have worn the Belt I feel as strong as I did at thirty-five, and can do as good a day's work as I could at that age." It was two years ago that Mr. Crawford wrote me that letter. Here is one I just got from him: "In reply to your letter I am glad to sav that I am just as much in favor of your Belt as I ever was, for it has been a remarkable help to me. I am

72 years old, but I do not look any more than fifty. Am enjoying perfect health, and will continue to recommend the Belt, as I have been doing right along, as I realize that but for it I should have been dead and buried by this time." They come every day from everywhere. There is not a town or hamlet in the country which has not cures by Dr. McLaughlin's Electric Belt. Now, what does this mean to you, dear reader? It you are not what you ought to be, can you ask any better proof to make you try it? Is there a remedy which is as simple, as easy to use, as sure to cure and as cheap as Dr. McLaughlin's Electric Belt? I have not seen one. You must try it. In justice to yourself, and to those who look to you for their future happiness, try it now. Act this minute. Such a matter ought not be delayed.

It's as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle glowing heat from it constantly, but no sting, no ourning, as in old-style belts. He said the Fifth District paid in more taxes than the Fourth, yet he did not believe it was evenly distributed. He therefore favored two road supervisors, one for the Fourth and one for the Fifth, and when the county bill comes up for consideration he would favor the bill containing provision for two supervisors of roads. He noticed in his Fifth that the roads were up and down and rutty, while in the Fourth they were quite level.

A vote cast for the Home Rule party was a vote wasted, because even though elected there is no possible chance for Home Rule Representatives to get anything passed over the Governor's veto, as he would be sustained by a Republican majority in the Senate.
